L-39 Now, and carrying this conversation with you for to find out from God what would be your trouble, what you're here for, I just talk to you a few moments just to catch the channel of your human spirit. I'm a man; you're a woman. This is our first time meeting in life. But God knows both of us, doesn't He? You are a nervous person, but you're not standing here for that. You're standing here, and you got that handkerchief in your hand, and that's to go to a sick friend. That's right. That sick friend has a--a cancer. And that friend... That cancer is located on the breast. I see a doctor's done something; he's took one breast off; he's removed one breast. And you brought the handkerchief that I'd pray over it, and you're to send it to your friend. They live in Illinois here. Are those things right? If it is, would you...?... give me your handkerchief.

L-40 Now, Father God, may the power of the Lord Jesus Christ that's standing here now, and while this anointing is moving, I lay my hands upon her friend, and ask that the power of Jesus Christ go with this handkerchief; and may the enemy, the devil, move from the woman and may she live. In Jesus Christ's Name I send this token. Amen. God bless you, sister. Tell her to write me and give the testimony from here.

All right, be reverent; have faith. Do you believe?

Lady, I seen you climb up to the prayer line and go set down again with that baby. You don't have a prayer card, do you? You don't have a... The lady setting there with that baby crying, I see the little baby crying. You don't have the prayer card? All right. That's all right.

L-41 The father behind there, do you believe that the--that the baby will get well? Do you believe too, mother, that the baby will get well if I'll ask God? Now, I want you both to lay your hands on the baby. The trouble is in the head, and you all come a long ways from here, haven't you? You come from the state of Kentucky, didn't you? Come, isn't that right? All right.

The Lord Jesus of Nazareth, may that demon leave that child, come out of it in the Name of Jesus Christ. When no other hand like that mother's could lay now except God. And I ask that the baby gets well in the Name of Jesus Christ. Amen. God bless you, now. May you go, and the baby live and be normal again. God bless you. Don't doubt, sister. I don't know you, never seen you, but God knows all about you, isn't that right? Don't fear now, He Who knows all things... The evil's gone from the baby; just keep believing. And the baby, you'll notice such a difference in it the next twenty-four hours, it'll be a different child. You just believe that now and go on. Amen.

L-42 All right, every one reverent. Have... Just have faith. Just a minute. Oh, bow your head. This is a deaf spirit moving against me now. It's on this man standing here. I thought it was in the audience. Bow your head now, till we can get hearing to him and then we'll talk to him. Every one be reverent and bow your head.

Lord, Creator of heavens and earth, Author of Everlasting Life, Giver of every good gift, send Thy blessing upon this our brother who stands here waiting tonight to be delivered from evil. O Almighty One, make Thy servant tonight, to be obedient to Thy Word. And I pray that You'll heal him. Take the evil from him.

L-43 And Satan, in the Name of Jesus Christ I adjure thee to leave the man; come out of him.

Now, just keep your heads bowed a minute. Can you hear me, brother? Can you hear me...?...

You may raise your head. Can you hear me? Say, "Yes," real loud. Hear me now? Now, you also besides

that, something that you cannot see, you've got tumor. And that tumor's located in the jaw. Is that right? You believe me to be His prophet? And not only that, but you come from Zion City, Illinois, didn't you? Go home now; you're well. Jesus Christ makes you well. Amen. Just a little skeptic at first, he didn't understand.

You believe with all your heart? The only thing, he just didn't understand at first, that he might know God knows all things. You see? All right.

All right, bring the patient. Be reverent now. Don't doubt; just believe with all your heart.

L-44 How do you do? I suppose that you and I are strangers to each other? We are to each other. We do not know one another. This is our first time meeting in life, a very typical picture of Jesus and the--and the Samaritan woman. It was two different races. One was a Jew, and the other one was a Samaritan. Now, this is white and colored together. In them days it was a little different, like a little friction has been in the days past, with the white and colored. But Jesus let them know that God was the Father of all nations. Is that right? He doesn't care whether we're yellow people, or white people, or black people, or brown people. All the wall of partition's broke down; Jesus Christ died for every human being in the world. You believe that? I do with all of my heart.

L-45 And we've just returned from Africa down there where we ministered, seen thirty thousand of your people converted in one altar call. And they really are humble and love the Lord. Our hearts burn to get back to them again.

Us being strangers, knowing not one another... But you're not from this city; you have come from a city that's a--a--a country that's rolling. It's a great wheat country. It's Oklahoma. You come from Oklahoma. And you're here on a visit. You're here to see a loved one; that loved one is a sister. And you're up here to be prayed for for diabetes. And the diabetes has went to your body. And in your right foot, it's eat a hole through it. Is that right? Now, I'll send you back to Oklahoma to be well.

L-46 Almighty God, in the Name of Thy Son Jesus Christ, I condemn this blood eating demon. And may the Calvary's cross and the Blood transfusion, and may this diabetes sugar turn back normal to good rich blood; through Jesus Christ's Name, and through His Blood. Amen. Go, doubting nothing and rejoicing. All right.

Praise be to God. The woman just now coming to; she didn't realize what had happened till just now. What it is. She was healed. See? When she was standing under the anointing of that Spirit, she didn't understand what It was; she just now come to herself and to know what It was.

What did you think about that out there, sir, the little man setting out there with asthma? You believe? I see you reach for over there something. You believe with all your heart that God's going to heal you of that asthmatic? You also have a hay fever, don't you? I see you holding your nose all the time. Isn't that right? If that's right, raise up your hand there. All right, stand up on your feet. Accept your healing now?

L-47 Almighty God, in the Name of Jesus Christ, let the man be made well for Your glory. Amen. Praise the Lord.

I want to ask you something, sir, when that woman come down the step a rejoicing like that, it made you feel real good, didn't it? It made you like that you was going to be healed yourself. That's when God answered your prayer. God bless you now.

Have faith in God. Don't doubt. Believe; all things are possible.

L-48 All right, this is the lady. You're near the Kingdom, lady, setting there looking at me. That Light stands right over you, which is the Pillar of Fire that led the children of Israel. Do you believe me to be God's prophet? You have heart trouble, don't you? The lady next to you has heart trouble. Lay your hands on one another.

Lord, in the Name of Jesus Christ, while You're over them women, may the heart trouble leave them and

they go and be made well, through Jesus Christ's Name. Amen. The blessings of God upon you. Just have faith.

You have spinal trouble, don't you, sir, setting there? Yes. You don't have... You have a prayer card? You don't have a prayer card, do you? You don't have your prayer card, I say. No prayer card. Then stand up on your feet just a minute. Raise your... A man in a green shirt, is the one It's over just now, sonny, just a moment. I want to see what happens to him just a minute.

L-49 All right, you believe Jesus Christ to be the Son of God? You believe me to be His prophet? His servant? You believe that? Your spinal trouble's left you, sir. Move yourself up-and-down like this. I told you; it's gone; you're free now. Go home; you're well; your faith has healed you. Amen. God bless you. Just believe with all your heart.

This the patient? Excuse me. This is three or four nights in a meeting; it's I'm getting worn a whole lot now, I get so weak.

You're suffering with something wrong in your chest; that's a tumor. You also are nervous, female trouble. You're from out of town. You're from Cleveland, Tennessee. Is that right? Now, go home believing the Lord Jesus Christ to be made well. I condemn the devil that torments my sister and ask him to leave her, in Jesus Christ's Name. Amen. Now, go rejoicing, sister, and be made whole.

Thank you. Just have faith out there. I--I'm sorry. To some that's wrote your letters, I'm getting weak, I--I can't help that. I... It's something that I have no control of. I'll explain it perhaps later.

L-50 That lady that just left, is that the lady that was healed just now, that's just setting right down over there? Are you the lady that was healed? Oh, I see. Right there? Yes. Oh, lay your hand over on that next lady to you there; she has high blood pressure, she's wanting to get rid of that high blood pressure. Isn't that right, lady? All right, lay your hand over on her, sister, you were just healed.

Father, in Jesus Christ's Name, may that blood pressure drop just now for Your glory. Amen. Do you accept it, sister? With all your heart? I see. God bless you, sister.

L-51 Setting right behind you is another colored lady, setting back there, colored person. You got a stomach trouble, haven't you lady, setting out there with the little hood? And you had a stroke. You're healed. You've lost a lot of weight; I see you where you was a heavy person. You've lost several pounds of weight, haven't you? You're stroke's all gone; raise your hands up. Raise your... Bounce your feet up-and-down. Lady, you're healed; give God praise. You're well now. God's peace be with you.

Hallelujah. You may think that I'm crazy, but I'm in God's provided way. So is this meeting in God's provided way. Have faith in God. Believe with all your heart and you shall be healed, each one of you.

L-52 All right, bring your patient. You believe that heart trouble left you while you was setting right there in the chair? It did. Now, just go and rejoice; that's the way to have faith and be made well.

Come, lady. Do you believe that stomach trouble left you while you were setting there? Go, eat your supper then. In the Name of Jesus Christ be made well. Have faith.

You believe the same thing happened to you? All right, then just go and be made well, through Jesus Christ's Name. Have faith now; believe with all your heart.

Sir, do you believe you're healed, setting there in the chair? You do, come here, let me lay hands on you. That's what you wanted me to do. In the Name of Jesus Christ, be made well. Amen. God bless you, brother.

L-53 Let's say, "Praise the Lord." [The congregation says, "Praise the Lord."--Ed.] Oh, my, something went over that building then, just then, like a Light. You'll find out after I'm gone from here. Tomorrow night they're be people testifying of healing that don't realize it right now. Something's happening.

All right. That female trouble's gone from you; just go rejoicing and being happy, in Jesus' Name.

Have faith. Now, you're having faith rightly.

Heart trouble's nothing; God can heal all things, can't He? It's gone from you, brother. Go, rejoicing and

may...

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

L-54 You believe Jesus Christ healed you now as you come by? In the Name of the Lord Jesus, may she be made completely whole. Amen. Go, thanking God and rejoicing.

Oh, my. (Where's that water go?) What is it to our heavenly Father to heal arthritis? Why, He can do it easy, can't He? You believe me to be His servant? Will you obey me as His servant? Raise up your hand. Raise up your feet like this, stomp them. All your arthritis is gone now. Go on the platform rejoicing. I anoint that handkerchief, 'cause you want it for a friend. In Jesus Christ's Name, may it be so. Amen. Now, go rejoicing and happy.

Praise be to God.

L-55 Brother, God can heal that diabetes as easy He will heal a toothache, can't He? You believe He does it? You shall have what you ask for then. Don't doubt, in Jesus Christ's Name.

The worst disease in the world is heart trouble. But God can heal it; don't you believe it? Then you shall have it, in the Name of the Lord Jesus Christ.

Come, sister. Do you believe? You believe me to be His servant? With all your heart? I see between you and I is a table. You're moving back from it. You got stomach trouble. Go, eat your supper now. You're healed. Jesus Christ makes you well.

L-56 Any person's in here want to be healed? Raise up your hand. Lay your hands over on one another. If God can make demons leave from here, from deaf, blind, and so forth, He can make it out there. Here go... We're... Brother Bosworth come here. Let's pray the prayer of faith.

Almighty God, in the Name of Thy Son, the Lord Jesus Christ, move tonight. And I cast out every evil spirit from this auditorium just now, to heal all the sick and the afflicted through Jesus Christ.

54-0721 - Lane Tech High School, Chicago, IL (Paragraphs: 38 - 53)

L-39 card S-70, I meant to say. Excuse me. S-70, who has S, prayer card S-70? If the person will raise their hand for next for prayer... Here comes the lady now. Be reverent just for a few moments, if you please. All right.

While they're bringing her up, who has S-75? S-75, all right. Who has S-85? We'll just scatter along, get them everywhere. S-85, is it in the building? 85? All right. Who has S-100, 100, would you raise your hand, S-100? All right. Now, let's bring the lady while they're coming.

L-40 How do you do, lady. Do you believe on the Lord Jesus Christ to be the Son of God? You believe me to be His servant? Of course we're strangers to one another. I--I don't know you, but God does know you, doesn't He? Will... And do you believe that He will grant to you the--the blessings that you're asking for? You believe it. And now, if God will reveal by His supernatural power to me what your trouble is, will you accept Jesus as your Healer? You are suffering with something wrong in your limbs. It's a varicose veins. Isn't that right? And another thing, you have a husband, and that husband is suffering with arthritis, isn't that right? You go lay your hands on him as I lay on you, and in the Name of Jesus Christ, the Son of God, may you both be healed. Amen. Go on your road, rejoicing and being happy. Let's say, "Thanks be to God." [The audience says, "Thanks be to God." --Ed.]

L-41 You want to get over that spinal trouble, setting there, lady? You believe that God has healed you? Yes, you... Uh-huh. It just left you then, your spinal trouble. You were praying to be healed, and God heard your prayer. So you're healed now of this spinal trouble.

L-42 Would you come, lady. Suppose we're strangers to each other? [The lady answers, "No," and explains to Brother Branham--Ed.] Oh, my, she said that she prayed--I prayed for her for a tumor one time, and she's got it in alcohol now. Let's say, "Praise the Lord."

I want you to look this way just a moment, lady. You--you come tonight then, as a believer, a real

believer. And--and that's what you're desiring now, is a... (You can hand me your handkerchief while I'm talking to you.) This goes to a mother. And that mother is in Alabama. And she has a high blood pressure; has had a stroke. Now, lay it on her in the Name of Jesus Christ. Send it to her. May God bring her out of it and make her well.

Be reverent. Just believe God with all your heart, all your soul, all your mind. God will grant His blessing unto you.

L-43 All right. If you will come, bring the lady. Now, be reverent as you can. Have faith. You think that sinus has left you, sister, you... setting there on the end of the row? You believe that God made you well? All right, stand up and say, "I accept my healing." God bless you now. You can go home and be over it. Your faith saved you. God bless you.

Do you believe, sister, with all your heart? You believe me to be God's servant? And you're just a woman that's been called in from out there in the--in the audience. God alone knows you. I don't. God does. But you're from away from here. You come here from another city. And you've have a... You've had an accident. It's been a fall that's caused you to have pain. It injured you. Like a neuritis pains, you've tried to call it, but it isn't; it's from the fall. And then, you got a bladder trouble. Now, come here. I'm going to send you back to Toledo to be well. In the Name of Jesus Christ the Son of God, bless this woman and send her home in Jesus' Name, healed and well, Amen. God bless you. Go on your road now, rejoicing and be made well.

L-44 How do you do. Are--are you two coming together? Would you come near, just a moment? Do you believe me to be God's servant? We are strangers to each other? We have never seen before as I know of; we're strangers to each other. Do you believe that you're in His august Presence? You're husband and wife. And you've come from a distance. I see you've come by ship. You come overseas of water. And you come from a land that's great high mountains, Switzerland. And you are suffering with heart trouble. And you have had a vision from the Lord as, and you're a minister. And then the vision... The Lord told you in the vision to come here to see me, and me to lay my hands on you, and your ministry would be increased. Come forward for your blessing.

L-45 Almighty God, Jehovah, Who made the heavens and earth and appeared in the way. And over the seas has come these people. Let Thy Presence, Lord, be great upon these people and may they receive now of Thy blessings, as Thy humble servant lays hands in obedience to the commandments of my Lord and Saviour, Jesus Christ. I send them to their homelands with the desire of their heart. Amen. You shall have what you have asked for. God bless you as you go. God bless you.

L-46 All right, next. Let's call a group of them. What was that... L? S's. Let's call from 85 to 100, S-85-100 and take the last part there. Just line up over here on this side, if you will, and get the people just coming a little a... If they will have faith, have love, have compassion, pray one for the other, that the Lord Jesus may bless you and give you an exceeding abundantly of His love and of His power, is my sincere prayer.

And up in the balconies, to you, my sick friends up there, have faith in God. He's here to heal you and to make every one of you well. There is nothing impossible with Him and He will bless you greatly if you'll just let Him do it. You believe this with all your heart? All right.

L-47 Now, His Presence is here with us, so let's be reverent. God is in His holy temple. Let the world, let the earth be silent and let His blessings be upon you all. Be constantly in prayer saying, "God have mercy on me and save me from this awful, untoward generation that we're living in, and this terrible destruction that's soon coming. There's a coming a time soon, when even there won't be even a leaf left on a tree. There won't be even a high place left in America. There won't be one building left but what will be swept to the ground.

The time's coming, when nations will be no more. The Rock that was hewed out of the mountain without

hands, shall break all kingdoms into powder, and the winds of time shall blow them away like chaff on a summer threshing floor. Lord Jesus, be merciful to the needy, is my prayer.

L-48 Our heavenly Father, seeing the condition in the people tonight, feeling Your power, as it's moving in the way of great needy people are coming, getting saved, healed, may this great lovely nation of ours, be spared a little longer, and send us that which we have longed for, the old fashion revival again. Hear my prayer, my Father, I pray Thee through Jesus, the Son of God. Amen.

May His almighty blessings rest on each and every one. As you pray anywhere in the audience, just pray and believe with all your heart, and God will grant it to you. Whatever your desire is, God will grant it.

L-49 I'd see the heads upon the people... hands up as it... Little lady, setting there suffering with headaches. She has them continually. You just got healed then, sister, so you can stand up now. And by the way, the lady setting next to you, I see her in a vision. She's crippled with--it's arthritis; she can't get out of bed. Raise up; you're healed sister. Stand up, the arthritis is gone now. You can go home and be well. Lord Jesus, bless them I pray. Amen. It's your faith that does it, Christians. It isn't me; it's your faith that's pulling it.

You remember the woman that touched the hem of His garment, and He turned around, looked over the audience till He found her; Said, "Thy faith has saved Thee." Sure, He looked over His audience, perceiving their thoughts and on...

L-50 Would you come, lady. I want to ask you a question, as a Christian believer, the very moment that I said something to that lady, a strange feeling struck you, didn't it, because you had arthritis too. You were both healed at the same time. It left you. You can go off the platform, now just go on off like there's nothing wrong with you. Let's say, "Praise the Lord."

Do you believe the Lord Jesus has healed you? Come here that I might pray. and the...

Father, I pray in the Name of the Lord Jesus, it to leave the woman and may she be well, Amen. Now, go happy and rejoicing and being blessed.

L-51 Would you believe with all your heart. You're nervous, upset. You got a stomach trouble that bothers you, and now, that's a little ulcer in your stomach, but it's gone now. You can go. You're healed. Your faith has saved you, sister. God bless you. Go in...

Sister dear, do you believe me to be His servant? You do? Then you believe you're in His presence? You have things that a lady your age would have, but the main thing's bothering with arthritis (you see?), that's making you in that condition. But it's gone from you now. You can go off the platform. You're healed. Your faith has did it, Sister, and made you well.

L-52 Your trouble's in your back, isn't it? You believe that Christ heals you now? In the Name of the Lord Jesus Christ, grant this, Father, Amen. Go Sister; your faith has made you whole.

How simple it is to see people healed. You believe now, out there? Now, be reverent, a real reverent, friends.

Sometimes in moving... The Holy Spirit is very timid, very timid. The Bible said, "Grieve not the Holy Spirit of God." Be reverent. Now, faith is moving all through the building.

L-53 Now, lady, would you come here, just a moment. I want to talk to you just a moment. Do you believe me to be God's servant? You see, more you talk to people when you contact their life, more you know of them. And I... if I would talk long, the first things... You are here to see me from another country. You have come about... long ways, two thousand miles or more. And you're suffering with a tumor, and you're...

That lady there with her hand up, you all... Yes that's the same was in the car. You are with her. You have a... it's some kind of a trouble in your throat. It's a thyroid trouble and that's a... The man setting next to you, he--you all come from Canada. And you--you've got a--a gallbladder trouble. You've been operated on twice. That's your wife. No, it ain't; that's your sister standing next to you. Put your hand

over on her.

54-0722 - Lane Tech High School, Chicago, IL (Paragraphs: 42 - 62)

L-43 Now, as I speak to the lady, I--only for this purpose, just to find what her spirit is. Then there's like a reel in heaven; we'll call it way; it isn't that way. But like in heaven, there's a reel, and in this reel everything that she ever did is laying right there before God. And what--the end of her life lays right before God. Now, then God can show me what she has done, and she knows whether that'll be true or not. Then He can show me what is to come, and if He does, and if she knows that was true, she'd have faith to believe what--what will be said will be true. You, see? And check anyone, any time, it's always perfect. See? 'Cause it's not this poor, humble, ignorant man here; it's the Lord Jesus Christ. That's right.

L-44 Now, sister, I suppose, not knowing you, we become stranger to each other. I do not know you, as far as I know. We're strangers to each other, are we? I am--I'm here as your brother, to try to help you. And God knows, I'd do anything that I could to help you. But--but now, being just a man, well, it's very little I could do, only I'm your brother in the Lord Jesus. And God has give gifts into the church that we can help one another. You believe that? You are a Christian. 'Cause your spirit is welcome. You're a Christian. And do you believe that the Lord Jesus can let me know what is your trouble, if we're strangers?

Now, you're--you're aware that something's going on. That's--that's that Angel of God that they got the picture of It here. See? That's exactly. You've never come in contact with It before. But you know that something is going on; it's just not altogether a human being standing here.

And you're not from this country. You're from away from here. And you're from a country that's got a lot of lakes in it: Wisconsin. I just happen to pass some places. You were coming down here, and I knew where you are. You are--you come with somebody. You're--you're here with somebody. It's a man. It's a kinda a heavy set, kinda thinning hair here in front. It's a man's got his head turned to me now, seemingly, I ought to know him. And you're suffering with a growth, and you've lost the sense of smell. You can't smell. Come here.

L-45 O Lord, I pray that You restore to our sister what Satan has robbed her of. And may Thy mercies be with her now, as I curse the enemy that has did this thing to her, and may she be healed this night. I command that Satan leave out of here, her body, and she be made free by the orders of Jesus Christ, Who said, "In My Name they shall cast out devils." So you leave her, Satan. Amen.

It may seem strange to you, at this time, but you're healed. I have nothing to see where--let you prove to yourself that the sense of smell is to you. But you know that something has happened in your nose. You feel something kind of a funny. Isn't that right? That's odors of the air, and your sense of smelling is here, and you are healed. You can go on your road rejoicing and be well. God bless you. Now, the Lord be blessed and magnified is my humble prayer.

L-46 How do you do, lady. I suppose that you and I are strangers to each other. Only the Lord Jesus knows us, for He has fed us, blessed us. 'Tween you and I is the Holy Spirit, and also just above you is a shadow of darkness, real deep dark. It's hanging near you. What it is, it's--it's a death. You have been to a--doctors, yes, and they have a--I see the doctor turn, kind of a chunky built fellow, as he shakes his head. It's cancer. And he's give you up; it's eat you up through your system. Come.

Lord Jesus, I condemn this devil, through the vicarious suffering of Jesus Christ and drive death from her, and may life enter into her body this night. And the promise of the Lord Jesus Christ, I lay my hands upon her to confirm this Word to her that He said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover."

Lord Jesus, I believe Your Word, and I condemn death that's hanging near her and ask it to leave through Jesus Christ. Amen. Go right to your testimony, thanking God, and praising Him with all your

heart go. The Lord be blessed and magnified. Just believe now with all your heart. You can receive just what you ask for. [\[Mark 16:16-18\]](#)

L-47 You have a nervous trouble, setting there, don't you, lady? Only you have spells of nervousness that makes you feel like that you're losing your mind. Satan sometimes tells you that you've crossed the line. You've practically been nervous all your life. You had a scary sort of that when you were a child, just a little girl. And now, here I see you trying to do something that's a--make beds or something, you get so nervous you have to go set down. But you've been praying. You've been trying to be healed. When this lady was being prayed for just now, you felt something strange come over you. Has that the truth? If it is, raise up your hand. If that's true, I have told you the truth, I never seen you. You're just a lady that's walked up there and set down. I tell you that in the Name of Jesus Christ, you are healed. You go home. You're well. Amen. Have faith in God. Don't doubt. Believe. [\[Mark 11:22\]](#)

L-48 All right, will you bring this boy. Believe now, don't doubt. Have faith in God. And now, everyone be reverent. There's epileptic in the room tonight, I can't find it. But there's a epileptic here, and it's always haunts that, 'cause it's a terrible thing. See? And I--I know that God will heal it, if we'll just let Him tell me where it's at. You see? And it's very disobedient. And now, everyone be reverent, because them spirits go from one to another. You know that. That's Scripture. See? And so now, be reverent.

L-49 And a--bring the boy. How do you do, young man? You believe me to be God's servant? You believe the Lord Jesus Christ be the Son of God, and that I'm His servant? Is that right? And God sent the Lord Jesus to the earth, that He might give us the desire of our heart, that's free from sin, free from sickness, free from worrying. Do--we are strangers to one another, young man, I suppose, are we? We--this is our first meeting time. You're just a lad, about like my boy standing back there. You're in deep trouble, young man. You believe me to be His prophet? You got a handkerchief in your hand to go to the dearest friend you got on earth, your mother a dying. She's got everything wrong with her. She's got hardening of the liver. The doctor has announced that no more can be done. She has leukemia, cancer in the blood stream. You have a little sick brother at home, too. And you're seeking the baptism of the Holy Ghost, aren't you, young man? Give me your handkerchief and come near, my brother.

O God, I pray for mercy. Let Thy Spirit, O God, come as this young man stands here pleading for mercy. I'm holding this handkerchief in our hands. I pray that it'll heal those who it's intended, and may our brother be rejoicing and happy, know that God has promised. And I condemn the spirit of death that hangs over his mother, and may she get well, and his love ones. And may our brother receive the desire of his heart. I ask this blessing in Jesus Christ's Name. Amen.

Don't fear, young man. You know it's happened, so you can go now, rejoicing and thanking God. God bless you now. All right.

L-50 Oh, how wonderful to trust in the Lord Jesus. What's the matter, mother, setting there, the kinda heavy-set lady, looking at me, wiping the tears from her eyes? You believe me to be His prophet? You want to get over that colon trouble you're suffering with? Stand up on your feet then.

Lord Jesus, through the Name of Thy great Being, I condemn this devil that's tormenting this woman. May it leave her; her faith has touched You some way, Lord. You turned me to her and showed what was wrong with her. And I pray, God, that her faith will not fail. If You're that kind to her, may her faith reach up just now, and be healed in the Name of Jesus Christ. Amen. God bless you, sister. Only have faith. Don't doubt, believe with all your heart.

L-51 How do you do, lady. Do you believe me to be His servant? And you believe that His Presence, and now Who you are standing, that the resurrection power of the Lord Jesus Christ? Now, we are strangers to each other. We've never met. And I have never seen you, but God knows all about you, doesn't He? He knows all about me. I'm only getting the conversation with you, like our Lord did to the woman at the well, and so forth. And you believe that He's--would make you well? If I tell the truth, I'm talking of

the Scripture. And if I tell the truth, then God will testify of the truth. And if it's personal, something concerning you... Now, this is the Truth, the Bible. But now, there may be something in your life, that the Bible hasn't said nothing about.

Like Jehoshaphat, when he went out and made an alliance with Ahab, went out into the desert and they got in trouble, he said... They had their ark of the covenant with them. They had all the writings of the prophets. They had all the laws with them, but they said, "Isn't there a prophet somewhere that we could consult to find out what's the matter?"

L-52 Now, you're a Christian, and you're a believer. And that's what makes you a Christian, is a believer. Now, you believe this Word, but there's something that you would like a spiritual lift to make your faith come up. You're--you need a spiritual lift that's right. Now, you are suffering, one thing, with a kidney trouble. And the next thing you have, you have a--some sort of a growth. It's in the chest, and you've got a paralyzed nerves in your face. And that's caused from an accident, like a cab or something, a taxi cab. Yes. And it's--and it's hurt you in the spine. You've got that nerve is cut loose here. Is that true? You didn't even know it. But you knew you had the accident. That's right. There you are. It is. It's--it's not cancer. It's just a tumor, down in below the shoulder bone on that side, on your left side.

Almighty God, Who stands here, Who knows your condition, He knows what is true. Do you believe God will move that spine back into it's place, and give you liberation, that pinched nerve? It's... What say...? Come here, just a minute.

Merciful Father, Who created the heavens and the earth, brought all things by Jesus Christ, Thy Son, then bring again, health, to this poor little woman standing here, desperately in need, must have help. God Almighty, I pray that You grant this blessing to her. May the enemy come from her, and may she be well. And with Your servant, I lay my hands upon her; I condemn this enemy, and may it go out of her. In the Name of the Lord Jesus Christ, come out of her, Satan, for God's glory, the fulfilling of the Word of the Lord Jesus which cannot fail. You are defeated. You have no legal right. Jesus Christ robbed you, and you have no legal right to hold her any more. So leave her, in the Name of the One Who died for her, even our Lord Jesus. Amen.

L-53 [The sister speaks to Brother Branham--Ed.] Certainly. Certainly. I wouldn't know. I want you to... That... Sister, now what you... I wouldn't tell you what God for you to do. Let Him commission you on what to do. I'm just here seeing... I can only say what He told me. He told me what, was what to you, and that is true. You're going to be well. I know that. He will tell you what to do after you get back. God bless you. Go rejoicing.

I wouldn't know when He would tell you, sister. That's something He never told me. He just told me that, and that's all I know how to do. I certainly will do it. God bless you. God bless you. God bless you. Thank you. That's mutually.

Praise be to God. I--and--one thing, I asking... See, if I would tell the woman, I have an idea, but God will tell her. He wouldn't let me speak it, 'cause if I tell her, that's a man. If He telling her, that's God. Always mind what God says. If she's got a relative here, and she would not make it known. You see me, and I'll tell you where she'll be call to. See? But I want God to make it known unto her. All right. That's at least what He said that He would do. All right.

L-54 If you'd ask the Lord Jesus right now, the back trouble would leave you, and you go home and be well. Do you believe that? Let's ask Him.

Our heavenly Father, I pray that You'll heal our sister, and may she go from here tonight, well, in Jesus Christ's Name. Amen. Now, go, believing, sister, you'll be well. God bless you. Let's say thanks be to God.

L-55 Are you believing, sister, with all your heart?

That colored lady setting right out there, you're suffering with arthritis. But she's suffering with headaches. And you believe the Lord Jesus is going to make you well too, lady, setting out there. And

you believe the Lord Jesus makes you well with this arthritis? Lord God, in the Name of Jesus Thy Son I condemn these diseases, and ask that they leave the people in the Name of Jesus Christ, the Son of God. Amen.

Now, all right, it's gone from you, sister. Now, go rejoicing, and saying thank you, Lord Jesus. That's right. Now, you realize how better you can walk? Now, come back this way again. Come back. Raise your feet like this, you see. Like this. You're--you're knees, bending your knees. See? That's where it was at, is in your knees. Wasn't it? See? All right. You're healed. See? Amen. Let's say, "Praise be to God."

L-56 Do you believe me as God's prophet? You want to get over the female trouble? Raise up your hand, say, "I accept You, Lord Jesus."

Lord Jesus, I lay my hands on her to fulfill Your Word, and ask that this demon leave her in Jesus Christ's Name. Amen. God bless you, sister. Could I talk to you away from the microphone, just a moment? Over here. [Brother Branham speaks with the sister away from the microphone--Ed.]

L-57 Nothing immorally, just--would you wait just a minute, lady? That... She might have friends here, thinking there's something I didn't want to know. It was just something that taken place in a time, that only her and God alone, was standing there to see it, and is it the truth, lady? Exactly the truth. Where it was standing, and I couldn't say it before a mixed audience. I seen a vision what was taking place, and I called her over here to aside to tell her. And there was no one, nowhere around; she hasn't told anyone or nothing about it, right at the place, and when it happened, that was taking place. Is that right, lady? If that's right, raise your hand so the people know. See? She's all right. She's healed. She--she's all right. God is with her.

L-58 Been feeling a little better today, haven't you? You're setting down there last night, believing. Wasn't that right? You were healed last night, sister. Your faith made your whole of that...?...

You believe God will take that stiffness out of you? You--He has. You won't have to slip out of bed in the morning on one side. You're healed now from that. Go on across the floor, rejoicing. Amen. Let's say, "Praise be to God."

L-59 Do you believe that the Lord Jesus is going to help you in this time that you're worried about? You've afraid that this baby won't be borned right, because you're afraid you're going to lose it. Isn't that right? I'm not reading your mind. But God is here. He knows all things. You're afraid of losing that. But let's ask God, and God will keep that, and may it be borned a lovely child. May God bless you, while I bless you in His Name.

Lord Jesus, may all things be all right for our sister, who has faith to walk up before this audience tonight, confessing her faith in the power of Almighty God. And may it be normal and everything well. I bless her for this purpose. In the Name of Jesus Christ, Thy Son. Amen. God bless you, sister.

The lady has been afraid of a miscarriage, and the baby has been--never moved. And when I took her hand, just now, she jumped and grabbed me, she said, "My baby leaped for the first time, just now..." Have faith.

L-60 Our Lord Jesus Christ, Who rules and reigns supremely. There's nothing can beset Him. He's Alpha, Omega, the Beginning and the End, He that was, which is now, and shall come, the Root and Offspring of David, the Morning Star. There is nothing, no place, no time, no how, can ever stand before Him.

Do you want to get over that eczema, setting there, lady, with that dark dress on, setting right down there, that breaking out, eczema? If you believe God will heal you, He will do it. Do you believe He will? Do you believe He will make you well. God bless you, my sister. It'll leave you.

L-61 The lady, setting there next to you, is worried about her boy. He's going to go under a operation this next Saturday. Stand up just a minute; I want to pray for your boy.

Lord Jesus, I condemn death that hangs with that boy. Guide that physician's hand, and may the boy

come through well. In Jesus Christ's Name.

L-62 How many in here at this time, wants God to bless them and heal them right now, would you raise your hand? Hold your hands up to the Creator. My strength is gone, friends; I'm just can't hardly stand here. And I feel my manager touching my back, which means that I must go.

Bow your heads. O Lord, no disease, You said, that any time could stand before the prayer of faith. And I ask Thee, just now, as this strength of the pulling of the Holy Spirit making virtue and strength go, I ask that the resurrected Lord Jesus Christ now in the Names of Him Who gave the promise, I condemn every sickness in this building. Every person with a disease, every blind person, every crippled person, every deaf person, every sick child... And Satan, you have no rights, to say any more, you are exposed right here from this platform. You're legal rights are gone. You're day is finished. The Church of the living God is moving up into realms of faith, and you know that you are defeated, and have been. You're only a bluff. And you've bluffed the people long enough. Now, as the Church of the living God, we take charge over thee, by the commandment of our Lord Jesus Christ, and I as His servant, along with the church adjure thee, by the living God, and His Son Jesus, that you come out of every person here now. Go out of them. You are defeated and lost the battle. In Jesus Christ's Name.
