L-51 Now, Lord Jesus settle over this building with a reverence and an awe to the people. And may every person look straight to Calvary now and see the bleeding sacrifice of the Son of God, see the Holy Spirit descending out of Him unto the Father, and returning back to finish the works that Jesus laid out to be done, to preach the Gospel and signs to follow to the end of the world. Grant it, Lord. And may, Chicago, tonight, know that Thou art Christ the Son of God, and I am Thy servant. For I ask it in Jesus Christ's Name and for His glory alone. Amen. Thank you.

L-52 All right. That's all right, Brother Boze. Billy Paul, where are you at, son? I have missed him somewhere. Yeah. What? Was you setting there all the time? Somebody see what that lady wants for me, if you will.

What cards did you give out, B's? Was it B's? All right. How many people here have prayer card, B, hold up your hand? Prayer card B? There's a hundred and something of them out here. All right.

Now, let's start from... Where did we start? We started from fifty last night, didn't we? All right, let's start back from one tonight. Who has got B-1, prayer card B-1, B-2, B-3, get about

Are you ready to be healed? Do you believe? Believest thou this? Lay your hands over on one another.

Almighty God, Author of Life, Giver of every good gift, send Thy blessings, O God. Heal in the Name of the Lord Jesus. And now, Father, as I stand here, the hour is getting late; my body's weak. O God, Who created heavens and earth, I'm looking for You to do this now. You promised. I believe You. I've ask You today.

I believe we receive what we ask for. Now, may the Holy Spirit move through this audience just now, and heal every person in here, Lord. May the sick be healed at this minute, in the Name of Jesus Christ.

Now, Satan, I adjure thee, in the Name of Christ the Son of God, come of every person in here.

the first ten or fifteen up there. Let's have... try fifteen. Now, we're just going to pray for the sick. I'm not here to entertain, as I say; I'm here to pray for the sick. There's no greater power in the world than prayer. Do you believe that? And now, how many sick people is here on this closing night of this revival, that believes that this I have told you the straight truth, and that the Spirit that's bearing record here, of the truth, is the Spirit of God. Will you raise your hand? Thank you, that's what will cause a revival to come in Chicago. That's the reason you're receiving these benefits.

**L-53** In the Name of the Lord I say this: Blessed is your eyes, and blessed is your ears for you see things that many in the back generations has longed to see, and has failed to see it. Blessed are your ears which are hearing, for you hear things that many has longed to hear, and has failed to hear it. God bless you.

**L-54** Now, to these that's coming, look on your cards. There might be somebody deaf, or can't hear, I... What'd I call, ten or fifteen? Fifteen wasn't it? Fifteen? The first fifteen, B-1 to B-15, first. I don't know what the Holy Spirit will do. I can't tell. If He speaks to the people, gives visions, I'll speak them. If He doesn't, I cannot. I'll just pray for the sick as they go through. But every one in this audience, wherever you are, you look here and believe with all your heart, and God will answer your desire. I just feel like an anointing of the Holy Spirit's coming near.

**L-55** Friends, how many seen the picture there in the book, of that Angel of the Lord? You probably got It in your house. It was copyrighted yonder in Washington, DC, the only supernatural Being that was ever taken.

I'm standing at a sacred desk here; God knows this is true. That same Angel that you see yonder, where all the whole nation blared at, where they're trying to be to get It in papers and things, but It's copyrighted, it can't be done. It'll never

be till I'm dead and gone. Then It'll be brought out. But you can have It. You could buy It. But I mean It can't be released, because God wouldn't permit that. But yonder It is, by all scientific research, everywhere. The best there is in United States, there's his own name, George J. Lacy, signed to it, FBI, head of the FBI agent, on fingerprint and so forth. There it is signed by him. You couldn't get a copy of It without his signature. It's the only supernatural Being was ever scientifically proved to be real.

**L-56** And there, right before thousands of people, many, many thousand, when they said, I was an impostor. I said, "I only claim to be God's servant. I am not a Divine healer." I said, "I tell the truth. An Angel of God came to me, and told me that I was to go to do this thing. If I speak the truth, then God will vindicate the Truth. But if I tell a lie, God has nothing to do with a lie. And He won't bless error. Anyone knows that." I said, "If I tell the Truth, then God will speak that I've told the truth."

And about that time, here It come, whew [Brother Branham makes a whirling sound--Ed.] a Pillar of Fire, something like that, hung right down where I was. And the American Photographer Association set up their camera and shot the picture. Took it, said, "I'll see if it's psychology." And went down there and put it in the acids and tested it, and flew It to Washington, DC the same night, returned back, and it's been in their hands of the Douglas Studios in Houston, Texas, the only supernatural Being was ever photographed and proved. Now, the scientific world knows It's real. And a real borned again Christians who were in the meeting and see the work of It, know It's real. Now, what more do you need tonight, but to accept It as being real, sent from God? The Lord bless you. Okay, Billy? All right.

**L-57** Bring the lady. Is all your fifteen there? What say? All right. The person that's holding prayer card number 5, is missing. If you're here, look around, might be a deaf person.

feet. Go home now, and get well in the Name of the Lord Jesus.

Here comes that little girl again. Just a moment. Oh, here's the little girl setting right here. That little girl has something wrong with her eyes, doesn't she? Is that right? And doesn't she have something wrong with her throat too? Is that true? You're the mother of the child. And you have something wrong with your eyes. Is that right? Lay your hand over on her. What's making you feel that way? Christ the Son of God, makes you whole. Have faith in God.

The lady sitting there with diabetes, do you want to get over it, lady? You believe with all your heart that Christ will make you well? All right, sir, stand up on your feet. Get over the diabetes in the Name of the Lord Jesus. Have faith in God.

**L-77** There's somebody, I believe it's the lady setting second from you there, has some bowel trouble or something, something wrong in her intestinal. You believe with all your heart? If you do, you believe, lady? Stand up on your feet. It is a bowel trouble, colitis, with adhesions. Raise your hand like that if that's true. Go home. And Jesus Christ make you well. Hallelujah.

Sure, I see these little boys here with polio and so forth. What about the lady? You have faith? You believe?

Look this way, dad. You look to me. Have her turn this way. Do you believe me as God's prophet, lady? I can't heal you, you're laying on a stretcher. But God can reveal your life to me. You believe it? Do you believe me to be God's prophet? You've been sick. You've had something wrong in your lungs: pneumonia, had a relapse of it. Stand up on your feet. Take that wheelchair, that stretcher chair, and go on home, get well in the Name of the Lord Jesus Christ.

**L-78** A challenge for my Lord. Who would disbelieve Him, the Rose of Sharon, the Lily of the valley, the Bright and Morning Star, the Alpha Omega, He that was, Which is, and shall come, the Root and Offspring of David?

you are, that's the truth. You--you had a female trouble, didn't you? You are healed, go home in the Name of the Lord Jesus. You are healed?

Anywhere, Almighty God is God.

I see a little girl holding up her hands there that's sick. Have faith in God. Do you believe? Can't see... Something crossed me up on the child. Just a minute. I see a child standing before me, oh, it's--it's a girl, but I can't see... Something happened. [A man says, "Please, no pictures while Brother Branham is praying--Ed.]

**L-74** Just a moment. Where was I at? What happened? [A man says, "For a child over here."--Ed.] What was it? ["For a child over here."] Don't do that. If the Angel of the Lord comes in a flash, in a Light, and I... Don't do that, ever who it is, I don't... I'm not calling you out, but don't do it, it shoves... knocks the vision off of me, just a moment, attracted my attention, just... Now, just a moment. O Lord God, Creator of heavens and earth, Author of Life, send Thy blessings just now we pray, through Jesus' Name.

**L-75** Just a moment. Be in silent prayer. It's a mix up. I see two little girls; here they come. There's God's grace. Oh here, it's the little girl setting right here in front of me. She's--she's got something wrong in her throat. It's the little girl right here. Yes. Isn't that right, lady? Say, hasn't that little girl just been operated on, or something another? Is that right? In the throat? Is that true? And don't she have something, I see something running from her ears. Is that right? And she has adenoids also. Is that right? Are you... You're the mother. Is that true? All right, raise up your hand. Put your hand on the baby, in the Name of Jesus Christ, go home and be well, child.

**L-76** Do you want to get over that sinus trouble, setting there, sir? You want to get over it? That's what you had, because I see you holding your head. Is that right? Stand up on your

Prayer card number 5 is missing. They'll miss their turn if they don't come in according to their number. B-5. All right.

Now, just a moment. Slowly, sister, "Abide With Me," if you will. And let's just kind of get near to God. Remember, before you start praying, look this way. The Angel of God, Whose servant I am, is standing less than three feet from me, right now. You think I'd say that if I didn't know what I was talking about? He's moving right in. You can just feel It coming in. It's His Presence.

Now, Lord Jesus, come near. May a sacred, holy, hush come over the people. May there be a reverence. May there be a power of God that'll set the people free tonight. And may Your great, holy, humble Name be magnified. Grant it, Lord, in Jesus' Name I ask it. Amen.

**L-58** Now, if you friends... Now, for the last few nights, I just been taking the people, praying for them, and whatever the Lord say... It may be the same thing tonight. I don't know. That's up to Him. I want you to be in prayer. And if I happen to ask you to bow your heads, bow your head. And if you got children, keep them near you, for if the epileptic comes on the platform, that's one thing that gets away from me.

I've seen here, not long ago, twenty-eight people, setting out there, a minister and a whole group, take epilepsy off of a fit that was throwed--brought off of a person on the platform. That's truth.

Remember those boys that went down, said to this epileptic, "I adjure thee, by Jesus, who Paul preaches, come out."

And the devil said, "Now, Jesus I know, and Paul I know, but who are you?" Is that right? You remember what happened? They got epilepsy. All right. [\[Acts 19:15\]](#)

**L-59** Now, lady, you come here near. Now, I just want to ask you some questions. Can you hear me out there all right? Where's Brother Baxter? If you... You watch Brother Baxter, I don't know, I believe it's going to the anointing (You see?), and if it does why, you watch this microphone, if they don't

get it. I never know how far it is away (You see?), when it gets a few, after a few. The anointing gets so deep, till the whole crowd of people becomes a mass, and I don't know what I'm saying. You see?

And you before this happens, I love you. I am your brother in Christ Jesus. Pray for me wherever I go. I'll always remember Chicago, be longing to come back.

Now, sister. I know you're a Christian, because your spirit feels welcome. See? You're a believer. But now, in order that we want to talk just a few moments. See? And--and then, in this talking, like our Master did at the woman at the well. He just talked to her, till... See, you are human. I am a human. And we both have human spirits. And now, there's... If there's anything wrong in you (See?), then that is something that Satan's trying to do. That's an outside being from you. You understand that? If it's a cancer, if it's a tumor, or whatever it is, it's something outside of you. It's a life growing, or whatever it might be. [[John 4:1-30](#)]

**L-60** Now, in here, I'm just a man, just your brother. And then, there's an anointing come in here, which you're aware of It now. See? You know it's something. I want you to watch, friends. Watch the patient's face when they come near here. Watch, when It's coming like It is now. Watch them change the expression on their face when they come. Just--just remember to watch.

And now, if the Angel of the Lord will come near, then the angel of sickness, which would be on you, he will go to pulling. See? The Angel of the Lord's near. Now, there's both powers. And they're fighting one against the other. Now, it depends on our faith.

Now, that sickness, whatever you have, if that is a pulling on you (You see?), it's going to try to try to put everything in your mind to keep you from believing that this is truth. See? And This, which is coming now, and me speaking to you, is trying to get you to believe that It's Truth. You see? Now,

way. Do you believe me to be God's prophet? Do you believe with all your heart? You do? Stand up on your feet, just a minute then. Look this way.

No, you have dropsy. Is that right? If it is wave your hand back and forth this way. All right. Go home in the Name of the Lord Jesus receive your healing. God bless you. That's right. What do you think? The man setting next to her, do you believe me to be God's prophet? Do you believe God will reveal to me what's wrong with you? You don't have any prayer card. All right, if you don't have any prayer card, and believe that I'm God's prophet, stand up on your feet a minute. Look this way. Yes, you're suffering. You're suffering with headaches? Is that right? Migraine headaches, it bothers you all the time; constantly pain. It's left you now, has it? Go home; you're finished with it. Jesus Christ makes you whole. Hallelujah.

**L-73** The Almighty Jehovah God, has sent His Son Christ Jesus to manifest Himself to the people. Tell me, He's here. You believe these things to be Truth?

Have faith in... Somebody way back in the back, you think it's anybody back there sick? Anywhere you may be, believe God. I'm looking at you in the back, not looking at you in the way that You think. As Peter and John said, "Look on us." [[Acts 3:2](#)] Elisha said to Jehoshaphat, "If it..." Or to Ahab's son, Jeroboam. "If it wasn't, I respected Jehoshaphat, I wouldn't even look at you." You know what I mean, Christians?

I look back there. Have faith. I see the Angel of the Lord standing in the back of the building, a Light, moving around over somebody's head. I see a woman appear right here before me; she's wearing a white blouse. She's suffering with female trouble. It settles down. It's over a woman, just about three of four rows, this way, and about three or four in this a way. A woman with a white blouse, sitting right through here, I see where It's hanging right over now. Stand up, back there, Lady, right back there, about the fourth one in. There

believe with all your heart? Isn't that right? You're both suffering with the same thing, hardening of the artery. Is that right? No prayer card... Raise up your hand, if you do. Raise up your hand, say, "Praise the Lord." Go home and get well then, in the Name of the Lord Jesus.

**L-71** God is here. Have faith in God. Some of you sick people in here, pray. Look this way. Now here He goes, right across this a way now. Oh, can't you see That, friend. Looks like you should. Standing right before me now is a Light, and in that Light stands a woman. It's her eyes. It's settling. Here it is, right here on the end of the row, that second row setting there. The woman has something wrong with her eyes. She's setting there praying, she didn't realize that... Is that right, lady? Stand up. Jesus Christ has made you whole. [\[Mark 11:22\]](#) You setting next to her there, what do you think about this all? You... Are you sick? You want to be healed. Do you believe me to be God's prophet? You do? Stand up on your feet a minute. Do you believe? You should. All right, look this way. Do you believe me to be His prophet? I can't heal you, but you can't hide your life. Is that right? You are a believer of the Word.

You suffer with an ulcer in your stomach. Is that right, wave your hands. It's a peptic ulcer, which is caused from a nervous condition. Go on out, and get you a hamburger, and eat it, and go on home. Jesus Christ makes you well. God bless you. Have faith in God.

**L-72** Little lady setting there next to him, what do you think about this all? Do you believe it to be the power of God? You do? All right, you're suffering with arthritis, aren't you? Isn't that right? Stand up on your feet. You did have it, Jesus Christ has healed you of it now. Go home and be well in the Name of the Lord Jesus.

Have faith in God.

What about you there, lady, you setting there with dark glasses on. I guess that, no, it isn't, well it is your eyes in one

here's the warfare. If you will believe It, then this here, Holy Spirit, will pronounce the blessing; Satan has to leave; it has to be. Now, if you don't... Now, after when, he goes away, you'll maybe get, right away feel better. He walks in dry places. And he returns back with a symptom, worse than he ever was, seven times as bad, maybe. And when he does, if the good man of the house isn't standing there, that faith, say, "Get away." [\[Matthew 12:43-45\]](#), [\[Luke 11:24-26\]](#)

**L-61** Now, the Bible said, "Go and sin no more, or a worse thing would come upon you." Is that right? That means, "Go and disbelieve any more." Sin is unbelief. See? That's the first thing. That's all there is to it, is unbelief, is sin. 'Cause when you believe... [\[John 5:14\]](#)

Jesus said, "He that believeth shall not be condemned. He that heareth My Words and believeth on Him that sent Me, has Everlasting Life, and shall not come into condemnation." It's all in faith, if you believe it.

Now, these gifts are added. Now, here's the Word of God originally. You believe that? That's for the nation, the world. But now, if there happened to be something in your life, that maybe you was keeping back, then these gifts are sent here to reveal that, prophetic things. See? That's what God does through sovereign grace. [\[John 5:24\]](#)

**L-62** Now, Jesus talked to the woman a little while, till He got her spirit. Then when He got in the channel that she was in, as I'd call it channel, or spirit that's got her into that spirit, He seen what was wrong. He went right quick and told her what was wrong. And she turned, and re... He never said, "Your sins are forgive you." He never said nothing. But she knew, that He was near, and she believed Him to be the Messiah. Is that right?

She said, "Come, see a Man, Who told me what the things that I did. Isn't this the very Messiah?"

Now, He never said, "You're sins are forgiven, and you don't live with those husbands no more, or nothing like that." He

never said a word her. She just recognized that He was the Messiah, because He knew what she had done.

Now, if He will come down and reveal what's wrong with you, would you recognize it to be the Messiah, the same yesterday, today, and forever?

Now, there's... You're bothered with some kind of a growth, that's rectal trouble. Is that right? If it is, raise your hand. Is that hemorrhoids? Is that right? Now, that's from the back.

[\[John 4:1-30\]](#)

**L-63** And here sometime ago, you don't realize what you've done. But haven't you got some kind of a stiffness in your back or something, some kind of a--a dislocated spinal disk, isn't that right? Is that right? Yes, sir. You did that when you was a child. You didn't realize when you were doing it; you didn't know when you was doing it. You got a fall when you was jumping as a little girl, and that's dislocated a disk in your back, and they just found it here, just begin to realize what it is. You've had that stiffness... Sometimes you can't get off of a--a bed, or something. I see you trying to move, or something through... that hurting in your back. Is that right? When you was kneeling here a few days ago to pray by a chair, or a bed or something in a room... Is that right? A picture hanging to your left in the room, you just couldn't hardly get up, for your back. Is that right? If it is, wave your hand like this.

**L-64** Now, I want to ask you something. You heard that voice speaking. That was not me. I was looking here before you, and saw a vision, which you know that only God alone would know the things. Is that right? All right. Do you believe me to be His prophet? Then, you, right now accept Him as your Healer? If you'll accept it right now as your Healer, in the Name of Jesus Christ, go home and be well. And God bless you.

How do you do, sister. Do you believe? With all your heart? You are very conscious of something going on. You are.

healed, I challenge you this. In the Name of our Lord Jesus Christ, without a prayer card, without a calling to the line, to this platform, if you'll believe, and firmly believe, I will believe that God will manifest Himself to you, out there, before we call anybody.

Do you believe it?

This lady setting here with your hands up, an elderly-like lady, pocketbook laying on your lap. Do you believe me to be His prophet? You haven't got a prayer card, I see. You--you believe with all your heart? Thank you. That's what the Angel said, "If you believe that it is true..."

Now, you look straight to me, a minute. You're straight in front of me. Yes. You're suffering with a nervous condition. Is that right? A mental nervousness, is that right? And it caused you great trouble, and you get real weak, don't you? And you--you do quite a bit of praying, trying to get over it. You were disappointed recently. Let's see when. Yes, you were disappointed in this meeting last night, if I'd have made another call, you had a prayer card last night, and didn't get one tonight. Is that right? Is that true? Then raise to your feet; Jesus Christ has healed you where you're setting. Amen. Now, go.

Have faith in God, dear people. Have faith in God.

**L-70** That little lady setting behind her, there. Yes. Shocked you didn't it? The reason that I called you, young lady, is because that you suffer with the same thing she did. You were healed just then. You have a nervous condition. Isn't that right? No prayer card... And... Is that right? All right, no prayer card... Stand up on your feet, just minute, I'd be sure, there's so many calling there. Yes, you are healed. You had the same thing she had; yours is caused by menopause, starting through the change of life. Now, is that true?

Raise your hand, say, "Praise the Lord," then. All right, go home and be well. The elderly mother setting there, she kept crying, like, that's your husband setting next to you. You

you in my life, is that right? Sir? You were at the Flint Campaign. Of course, I never met you, I guess, there. Or did I? No. I never met you. All right.

**L-67** You believe that He will heal you now? Upon the basis of that, you believe He's present. You believe that, what you feel right now, is Him? I'm not reading your mind. It's Jesus Christ standing here, that knows your life. Is that right? Come near.

Lord Jesus, have mercy on the man. May he come to Calvary tonight by faith, and may God through the mercies of Christ, heal him just now as I bless him in Jesus Christ's Name.

Now, sir, as you go, go rejoicing. Go, be happy. Sing songs all day long. You're that quiet type of person, which would hurt you a little later in your life. You go on, and just start singing hymns, and rejoicing, testifying of your healing, it'll leave you. God bless you, sir. All right.

**L-68** Come and believe. You want to get over heart trouble, sir? Raise up your hand say, "Thank God for healing for me." Now, as you go off the platform, keep that testimony, He's bound to do it, in the Name of the Lord Jesus.

All right, sir, you wanted to get rid of the same thing, didn't you? Heart trouble! Just keep moving. Saying, "Praise the Lord for healing me." Praise... God bless them people, I pray.

All right. Come. Isn't it strange, you with the same thing; but and also you're a diabetic. Is that right? You want to be well? Raise up your hand, say, "Thank You, Lord." All right, go on keeping that same testimony, you've got be healed.

**L-69** You want to get over the diabetes, lady? You do? Raise up your hand, say, "Praise the Lord." Now, turn around the other way, go off the platform, saying, "Thank You, Lord. Thank You, Lord."

How many of the rest of you want to be healed out there the same way? How many out there hasn't got a prayer card, raise your hands? Anywhere in the building, wants to be

You're very conscious of that, that believing that there's something supernatural. Now, That isn't going to hurt you. That's to bless you. You've never felt just that way before in your life, like that. Isn't that right? If it is, raise your hand so the people can catch it. That's the Angel of the Lord. Your faith is moving in now. And since you've come right here, your faith is increased tremendously. Isn't that right? Because you're in His Presence now. That's what's a doing it. You're bothered with some kind of a something in your throat. Isn't that right? Throat trouble? Now, It left me. Here It is. No, haven't you been--had an operation? You had two on the breast, it was a cyst, or something, cut off the breast. Is that right? Two doctors was in the room there. Is that right? I see it in a place, kind like of a...

**L-65** All right, sister. God has confirmation to confirm... Your throat's healed. You go home. Look. If Jesus Christ by His power is here, got you anointed now, like you've never been before in your life, and you're aware... This is new to you. You know what I was fixing to say there, but you understand. See? This is new to you. All right.

Now, if He's here, and knows what was in your life, and can reveal it to a stranger, what was in your life, don't He know what will be in your life? All right. You're healed. Go home now.

Everyone reverent, be real reverent. Do you realize that the Master is near? You believe that? What more should you ask for? What more should you want? In His lovely Presence now. How He'd love to heal this audience tonight. It's His Divine will to do so. If you can only appropriate the faith. The reason I'm talking, the anointing getting real deep (You see?), and I--I won't get but just a few if I don't wait just a minute, and kind of get myself back normally again. You'll never know Christians, this side of heaven, what that takes out of a human being.

**L-66** Daniel saw a vision, and he was troubled at his head for

many days. Is that right?

Jesus said, "I perceive that virtue, or strength, has gone from Me," when the woman touched His garment. When them believers standing there with that heart bleeding, and moving in, something has to happen. It just takes the life right out of you. It's the human part saps away. God comes in.

Just think, it breaks out into another dimension, out where nobody knows nothing about it. It's in the supernatural realm, and calls up things that has been done way years ago. How can you doubt God? Throat's better now, isn't it, sister? Is that right? Raise your hand. You're healed. That's exactly. I didn't even tell you what it was. It told you what had happened. You're healed; you're all right. God bless you.

Now, excuse me for asking the patient sometimes, that... I can't tell who's who, sometimes when I'm anointed. [\[Daniel 10:7-21\]](#), [\[Daniel 8:26-27\]](#)

**L-67** Now, sir, you are a stranger to me. I don't believe I know you. If I've ever met you, I don't remember. This is our first meeting. If that's... that's right, isn't it? It's our first meeting. Then you're altogether a stranger. Does anybody here know this man? All right. Someone knows him then. And you know the man to be an honest man. I suppose he is. He--he's a Christian; I know that. For his spirit bears record with this Angel that has me anointed now, this--this powerful One that comes from the Presence of God, that's on my mortal body now. Just like that... It isn't that light bulb up there; it's that current that's in the light bulb. See? It's not me; it's Him now.

**L-68** I was your brother, a few moments ago, I'm God's servant now. Sir, a man can make any kind of a claim, but until God confirms it, it's no good. If God confirms it and says it's truth, then you can't doubt God, or you shouldn't. Is that right? If we be strangers then, there's something wrong with you. I trust that our Lord Jesus will let me know what's wrong

to... again.

**L-65** All right, come, lady. All right. Stay near. Do you believe me to be His prophet? Look this a way then. If God will tell me what is your trouble, will you believe me to be His prophet? Wouldn't you like to get over your diabetes? Is that right? All right, if He's here, and His mercies are here... God, I pray for the blessing of God to rest upon her, and may she go be healed in Jesus Name, amen. God bless you, sister. Go now. Have faith and believe. All right.

Come, sir. All right. Do you believe with all your heart? You... Well, you believe that God has sent me? I--I'm just representing Him, sir. You understand? There's nothing I could do to heal you; only I would know what was wrong with you. Your life and what you've done, could not be hid right now, sir. That's a Divine gift. You're conscious that's something is going on. You are suffering with heart trouble. You have a heart trouble. Then you have a--you have arthritis also. Is that right? All right. Do you believe if I will pray for you now, that God will make you well? All right, come here.

**L-66** Lord Jesus, realizing the seriousness of this case, of this poor man, I pray as I push myself against him, as Elijah laid on the child that was dead. I ask, Lord, that this heart trouble cease, his arthritis get well, his other troubles cease to be. And may the man live and serve You all the days of his life, in Jesus Christ's Name, I bless him. Amen. God bless you, brother. Now, go, rejoicing, happy, and thanking God for your healing. All right. [\[I Kings 17:19-24\]](#)  
Let's say, "Thanks be to God."

Come, sir. As you walked to me, I seen something moving. And here's what it is; you're anemia, your blood. And one thing, you're a nervous person too, not the kind that shakes and carries on, but the deep thinking kind. Is that right? You're always, as the old saying, "crossing bridges 'fore you get to them," building up things, never happen. See? And, sir, you--you can't hide your life. I know you. Not... I never met

Now, look. Not... Just so that this audience might know; you were thinking there, of what the Angel told me, if "you will pray for the sick." See? And that... Isn't that right? Raise your hand up if that's right. See? It's not... You can call it whatever you want to, all right. God bless you. God bless you, sister. Go home, get well now.

**L-63** You call it mind-reading if you want to; Jesus did the same thing. You believe it. He perceived their thoughts. Is that right? Well, what's mind-reading? Not that little old spirit that's setting out here on the corner here of the devil, making a mockery out of something, that's a counterfeit that the devil has; but God has the real thing. Remember that always. All right. Everyone be reverent now. [\[Luke 5:21\]](#) Come. Little laddie boy, God bless his little heart. You want to get over that eye trouble, do you? All right. Come here, just a moment. Our heavenly Father, I bless the little lad, and I pray that You'll heal him and make him every whit whole. I lay hands upon him. I know if You were here, You'd lay Your hands on him, and he'd get well. So in a representative way, I ask for his healing in the Name of Christ the Son of God. Amen.

**L-64** You need healing too, brother. Lord Jesus, this poor man is suffering here with this spleen, prostate, bladder. God make him well in Jesus Christ's Name I pray. Amen. Go, sir. It stopped now. You can be made well.

Let's say, "Thanks be to God."

There's something the matter, Brother Baxter. See? That's the second time He's called... pulled me around to you. Don't know what it is... Two times today, the Holy Spirit's pulled me to Brother Baxter, that was one reason I had him set there awhile ago. He was setting behind the curtain today, and when I walked in the room here to preach the Gospel, it was the Holy Spirit begin to move over the audience and healed. You know that, called the people, where they were, and what they--was the matter. Just spoke to Brother Baxter,

with you. If He does, then that... I could not heal you, of course, you understand. It would only give you a--a little what you need, a little push of faith, perhaps, or something like that. You're aware that you're in the Presence of some supernatural Being. You know that. Now, that the audience might know, raise your hands. That you know, that's a feeling that you never felt. See? That's right. It's--it's something, audience, I cannot explain. Surely, I should know what I'm speaking of.

**L-69** And I say not this for glory. I say this in honor of Jesus Christ to fulfill His Words which said He's the same yesterday, today, and forever. Understand. All right. That One that now is here, moving to you, that is the blessed One, the Son of God. He went to the Father, sent back the Holy Spirit, and the Holy Spirit was to reveal the Truth, and to show things, that was to come: Saint John 17, or 15. Is that right?

Now, life hasn't been a flower bed of ease for you. For swinging between you and I, comes a long dark road. And down this road, I see you coming. There's something about the head; you're holding your head. It's headaches. Is that, is that right? For years... Aren't you a musician or something? Don't you play some kind of music, or something, some kind of a string music? Is that right?

Come here, brother. Father, I bless my brother tonight in the Name of Jesus Christ, the Son of God. I ask You to heal him, Lord, may this leave him. And may he go from here tonight and get well, as I ask this blessing, in the Name of Jesus, the Son of God. Amen. [\[John 16:13\]](#)

### **52-0816 - Kellogg Auditorium, Battle Creek, MI (Paragraphs: 53 - 74)**

**L-54** Heavenly Father, now may Your Holy Spirit move in a miraculous way. God knows there's people laying on the gift tonight. There's cots and wheelchairs coming in. O God, may

they...?... and go home. May they go home walking, and leaping, praising God. And may, because of this peculiar situation just here, may there be something happen tonight, Lord, that will start this, a revival rolling in this city, that... It won't take Thy servant, dear Lord, or the Holy Spirit will be here. If they'll just pray through tonight, and get the victory, and tomorrow morning may they be on the street testifying, and walking up-and-down the street, glorifying God. And may there be an old fashion revival break out here that would save every bootleg joint. And God, close up these places that's open tonight, and make mother's daughters become Christians, and those daughters that's walking the streets, and the way they're doing; God, may there be something happen before judgment comes. Grant it, Lord.

And help me tonight, and my... And the ministry that Thou has divinely ordered. And Thou knowest my heart that I'm trying to be true to the heavenly vision. And now, Father, grant that great signs and wonders will be wrought. For we ask it in Jesus' Name. Amen.

**L-55** Excuse me for taking so long. We'll go right through the prayer line, praying for the sick. Last evening, I ask you this: I said, "Do you want me to pray for the sick, just bring the people through and pray for them for them." I think that's what He wanted. But I ask you, your choice was other way, don't... If you don't get in the prayer line, you'll have to accept it out there, where you ask Him to. See? So now, it's your choice, not mine, yours. Yes. All right.

Now, may the Lord bless you. Billy, what...?... Did you... All right...?... What? "E" E [Brother Branham talks with someone-Ed.]...?... All right, Billy give out prayer cards awhile ago. Let's start at 50, tonight, and take... How many of you have cards? 50? Let's call about 25, tonight, and see if we can't get a little bigger line up here. The whole church can, if you can get them standing. But I doubt whether we can get through them all in that kind of a line. If you want to, we can... Let's

All right, come, sir. All right. You believe me to be God's servant? Of course, you're wearing glasses. Anyone would know something is wrong with your eyes. Anybody with crutch, or something another would know they were crippled. 'Course, I know there's something wrong with your eyes; you wouldn't have glasses. But I want you to talk to me just a minute, maybe there's something else wrong, that the people can't see.

Now, do you--you realize, sir, something is going on, don't you? You know that you're in the Presence of Something that you've never been in the Presence of before. Is that right, sir? Raise your hand if it is. No one can stand this near, and know that Jesus Christ isn't standing right here at this platform. And that's true. Now, you look this way, sir. That--that won't hurt; that's the thing that'll... Anything could ever heal you, it'll be that what you feel now. I... Yes, sir. I see you trying to get out of bed or something; there's something wrong with your back. Is that right? [Blank.spot.on.tape--Ed.]

**L-61** Main thing I want to tell you about, when I was praying for that man, and his back being in condition it was, and at the same time, you had a strange feeling, because you suffer with arthritis, is that right? I mean you did suffer with arthritis. He healed you while you were setting in the chair. Go on your road rejoicing, and you can be made well.

All right, come. Do you believe? All your heart? What made you jump when I said, heart? You suffer with a heart trouble. Is that right? That's right. It's a... Really it isn't no gases. It's absolutely shows that it is, the examination shows that it is enlargement of the heart. Now, go on your road, and Jesus Christ make you well. You want me to pray for you, and I'm going to do it now. I wasn't reading your mind, but I know what you were thinking.

**L-62** O God, I pray that You'll heal her. May this heart trouble cease in Jesus Christ's Name. I ask it to go from her. Amen. God bless you, lady.

God Who I speak of, is right here now. All right.

**L-57** Come here, sir. I suppose we're strangers too. We are. Now, I--I couldn't heal you, sir, if I had to. Only thing I can do, is to pray to God for you. And if God would show me what was wrong with you, well, I could tell you. If He didn't, I couldn't. Of course, you know that. I'm--I'm a stranger. You're aware of that. The reason I talk you, just so the anointing gets started on swiftly, so I can get to the people. You understand. You should, you're a minister of the Gospel. Is that right?

**L-58** I see you stand in the platform. You've had a nervous breakdown haven't you? Isn't that right? All right. Just a minute. I see someone standing near you. It's your wife. And she's... she suffers too. And she has a gland trouble, or something. Isn't that right? Is she in the audience? Isn't she kind of a--a--a woman that's... She's got on a black hat, and she's got little flowers like in front of it? And she wears glasses, doesn't she? Go put your arm around her; lay your hand on her; both of you go home; you're going to get well in the Name of the Lord Jesus.

**L-59** Let's say, "Praise be to God." God's grace extended to the people... Have faith in God, and you shall see the glory of God. All right.

Bring the lady. You believe? Now, lady, if God will reveal, the Holy Spirit's here, you believe with all your heart? If God will speak what's wrong with you, you'd accept your healing right now. You have something wrong, you're--you...?... cough--asthma, is that right? Is that right? If it is, raise up your hand. You accept your healing? Come near, mother.

**L-60** Lord Jesus, seeing her poor old heart beating, knowing she wanted me to ask You, I pray that You heal her. And may she go off this platform and not suffer any more in Jesus Name. Thank you. God bless you, sister. Go, believing now. All right. Is this... Is that the...

see how twenty-five would be to start.

**L-56** Who's got prayer card B, or E--E-50? Who has got prayer card E-50? Now, we can get started. E-50? 51, 52, 53, on up till the first 25, up to 75, line up out here according to your numbers, on this side.

And now, now look around at one another's prayer card. Here's one of them down here. See? [Blank.spot.on.tape--Ed.]

*Only believe, only believe,*

*All things are possible, only believe.*

Now, do you believe? All right. Brothers, don't know in the meeting. Set real still. Don't be stirring around. Pray.

**L-57** This is...?... baby's mother; she might be very sick. She may be eat up with cancer. There might be something wrong with her, that would take her life. She might have heart trouble. If it is, that's number one enemy...?... If that's the--your child's mother, you'd be very sincere. If it was you, you'd be very sincere to pray. Remember, somebody, somebody. All right.

Now, lady, I wish just to talk with you a minute. Is that? Have you been in the meetings before? This is your first night to be...?... to come. It may be a little strange to you. Did you ever read the Bible? Uh-huh. [The lady speaks to Brother Branham.--Ed.] Your sister was healed in my meetings three years ago. Where was that at? [The lady speaks again]...?... Her sister was healed in one the meetings, over a thousand miles, they flew her in three years ago, and was healed in the meeting, of a cancer, lumps on the breast, and she's never been bothered since. See? Them's usual at the meetings. Did she tell you how the meeting worked, and how the Holy Spirit moved in the meeting? Knows the secrets of the heart, probably that's what happened to her. [Lady speaks again] Said I told her what was wrong with her, had prayer, and it left her.

**L-58** Now that same Lord Jesus is here tonight. He knows all things. Her... And do you remember, you believe? 'Course, you'd have to know it was God. And you're--you're aware now, that Something is here at the platform. You--you know that Something's, that you're in the Presence of a sacred, holy Being, not your brother, of course not. But it's a... I'm just like you're a woman. But it's spirit realm. You're conscious of that. You--you know it.

Well now, I don't know you; I've never seen you in my life. But--but God knows you. And if this be the anointing of the Holy Spirit here, then He can reveal to me, if--if He had chosen me back there for a...?... then He can reveal to me just what He wants to. Now, He can stop it up, and don't reveal nothing, or He can tell you just what He wants you to know. Is that right? Just...

**L-59** Now, Jesus was standing, talking to a woman one time, and He said... He asked her for a drink. You know how the story goes.

She said, "The well is deep."

He said, "Well, if you knew Who you were talking to, you'd ask Me for a drink."

And He went on with the conversation. After He talked to her a little while, He went right straight to where her trouble was. Said, "Go, get your husband."

Said, "I have none."

Said, "Thou has said well, for you've had five."

She said, "I perceive that You're a Prophet."

And she went into the city, said, "Come, see a Man Who told me all things I ever done. Isn't this the very Christ?" See?

And Jesus went into the city. She never performed no miracle, as we understand. He was leaving that for Philip to do, that I was talking to. See? He just went over there and begin to talk to her. [\[John 4:1-21\]](#), [\[Acts 8:5-8\]](#)

**L-60** And they said, "Now, when that..." Said, We believe Him

**L-54** Now, in here, and You're conscious that Something is near, you're conscious something is going on. Now, that's the Angel of the Lord. Now, He can reveal to me, what is wrong with you, if He desires to. If He doesn't, I can't. But being... Yes. Now, now, the--the lady is moving right back from me, just as fast as she can go. She has... She's got something; it's some kind of headache trouble. And she's... It's something hurts her up here all the time, like a heartache, sinus, or something that's causing a headache. I see her rubbing her head. Is that right, lady? Now that, if that--if that was right, raise up your hand so the people will see.

**L-55** Now, I never seen the lady, but I seen a lady, she holds her head like this, and she has severe pains in her head. And another thing I noticed, now the lady leaves again. You're--you're extremely nervous, aren't you, lady? Real nervous? Uh-huh. I see you very much upset about something. Now, just... I see you when something has just... Say, don't you have a loved one in the hospital? A man, a husband, it's your husband. He's just been operated. Is that right? Isn't he a veteran, or something, in some kind of a veteran hospital? Is--is that right? And say, I see what's make... God bless her soul. You just lost a boy, haven't you? A boy, he was in the navy wasn't he? Drown out in... Is that true? God bless you, mother, go, your headaches has ceased. God has blessed you, and may He, as this dear, poor, little war mother, bless her in Jesus' Name.

**L-56** God be merciful. Poor little thing with her heart full. Every Christian in here, ought to give God thanks for that poor little mother. Her boy just recently died as a hero. I seen a ship go up, or something another. And I seen the mother standing above, was weeping like that, a young fellow gone.

Oh, friends, how can you disbelieve? He's here. He knows all things. You can't hide your life from Him now. The Angel of

right. Do you believe...?...

**52-0817e - Kellogg Auditorium, Battle Creek, MI  
(Paragraphs: 51 - 78)**

**L-52** Now, be reverent. And you Christian people here, tonight, know how to pray, pray for me, for this is your Lord Jesus, and my Lord Jesus, that we're trying to let the people see that He is here. And may, by His grace, He come down and vindicate that I'm telling you the truth. Will you believe it?

Now here, come here a minute, sister. Now, I don't know whether God will or not. If this woman can be told what is wrong with her, and no way at all for me knowing it, will you believe that He is the same yesterday, today, and forever? God grant it now. Longer you talk to people, of course, more is said. Just keep talking, just keeps more said.

**L-53** Now, I want you to come here, sister. I just want to talk to you. Now, can you hear me, all over the building? You watch that, Brother Baxter, if you will. Can you hear me way up in the galleries from here? Way up there in the top in the balcony, can you? That's good. Thank you. Thank you, brother; you're doing a good job on that.

Now, all of you, even in there, be in prayer. Now, I mean in silent prayer. You can watch until I ask you to bow your head. Now, lady, I want you just to look at me. See? It's just... Because you're human; I am a human. And we both have... Well, we got to stand before God someday. We've got to give an account for our lives. And now, you have a human spirit. I have a human spirit, because God ordained it to be that way. Now, but, if there's any sickness, maybe you got something I don't know. Maybe you got cancer. Maybe you got some kind of female trouble. I don't know what it is. But whatever it is, that's a disease, which is the devil of the darkness. That's right. It's of darkness. It's not of light. Sickness is of darkness, to kill you. God is Light, Who brings Life.

because we've heard Him talk." Not because the woman said so, but because we've heard Him ourself. We believe that He is the Son of God." And that broke the meeting, or the ground when Philip come down and preached, and healed the people. See? Jesus had another way of doing it. See? He knew He'd send Philip. [\[John 4:1-21\]](#), [\[Acts 8:5-8\]](#)

Now, He's the same Jesus tonight. Is that right? [Lady speaks again.] Well, He's able to heal you, sister. Now, whether He's... He's able. See?. Now, I want to question you with something. Is it all right? See? He's... He's not only able to do it, He has already done it. See? It's your faith to believe it, or accept it. See, see? He has already done. He couldn't do no more about it, 'cause there was--there was a penalty of sickness come up between God and man. Jesus stepped right in and was beaten across the back: By His stripes we were healed. See? Then it's already paid for. It's just our unbelief. Jesus said, "If thou can believe, all things are possible." There it is. There's the checkbook with my name signed on it. Just fill it out, and send on to the Father. He will recognize it. Isn't that so, lady? [\[Isaiah 55:3\]](#)

Now look, lady. You could've been made...?... Now, I seen something pass by you. Now, now, you know I don't know you, but haven't you been at the hospital several times with something that...?... both...?... that same hospital. I seen you go in and out, go in and out, like that different times. Is that right? And don't you have some kind of inward trouble, like a female trouble in the inward parts, and you have also, you have colitis in your intestines...?... Is that right? If that's right, raise your hand.

**L-61** Oh, sister, how would I have known? It's left me. And you know that something is taken place. You don't even feel like you did a few moments ago. Isn't that right? If that's right raise your hand. See, what it is, the Angel of the Lord is here, speaking, and it was mainly to you. Now, if I could only get your faith to believe that, it would be all right. See? And just

as soon as the vision left, I seen...?... Is that right? That's when you were healed. See? Your--your faith has saved you. You believe that, don't you? You know how I was talking. I don't know you. Perhaps while I was talking, 'cause I was... You heard my voice. But that wasn't me. That was that feeling that you had. That's what it was. See? It was...?... Now, you can go home, that colitis is going to leave you, and your other troubles. You go on home, be well. Give my congratulation to your sister, and the Lord Jesus bless thee, my dear sister. Amen. [[Luke 7:50](#)], [[Luke 18:42](#)]

**L-62** Everyone believe? Now, what would be hindering everybody from this tabernacle, or this church, tonight, to be healed right now? Shouldn't you be healed just now? Sure you should be healed right now. Believe with all your heart. You're trying to believe, aren't you, lady, with your hands like this, with your handkerchief? You--you have a prayer card? You don't have a prayer card? Oh, you do. Now, are--are we strangers, lady? And how long ago has that been? Oh, eighteen years ago. You were healed of cancer eighteen years ago. Some--someone prayed for you, and you was healed. Yes. Oh, I see...?... I want to ask you some questions...?... some sin, haven't you? You know what I'm talking about. You've backslid on God. And you got the same thing again. You got cancer again. Is that right? You're ready for surgery right now. Is that true? All right. If that's so, hold your hand up.

**L-63** Look, lady, death knocks at your door. You believe me to be His prophet. If you'll just turn to God, and God will return to you. [The lady says, "Now, I got a question to ask you."--Ed.] Yes. [The lady speaks to Brother Branham--Ed.] That is true, lady. I... What I mean is true. You listen to what... Backsliding don't mean that you've--you've gone somewhere and with a man. I'm a little bit of a Calvinist. See? Not that radical type, but I'm Calvinistic. You was born again, but you've backslid away from your calling from God. Isn't that

you...?... All right.

Come, little lad. You're a young chappie too. Do you believe? You go to Sunday school? You love the Lord Jesus Christ? Would you like to serve Him all the days of your life? If He will let you get well, will you do that, so only for His glory, that you would do it. [Blank.spot.on.tape--Ed.]

**L-73** All right. Look, sister. Come here just a moment. You believe? With all your heart? Well, just a few moments ago, when I was speaking to someone here, you came back down the row and second row you came...?... the same thing. You were very alarmed when I told the lady about what kind of feelings she was having, of a nervous condition. Is that right? Because you have exactly the same thing. Is that right? Now, do you believe He's going to make you well? But what you want me to do is pray for you. That's what you were thinking about right then. I'm not reading your mind, but that's what you were thinking...?... pray for you, come in your mind, like this. Is that right? That's right. You can't hide your thoughts You see? It's in His Presence. Now come here. 'Cause that's what you have to have to be well. And you're going to receive it, I believe, with all my heart.

**L-74** Dear heavenly Father, feeling that the woman had that point of contact that I must pray for her, speaking it right out of her mind...?... believe it otherwise. I pray, God, that You'll heal her.

And now, this devil, this thing that's trying to make her lose her mind, I say to thee, in the Name of Jesus Christ, come out of the woman.

Now, look, sister. Go home. You're going to get well. You believe me? If God knew what you were, and what you are, then He knows what you will be. You're going to be all right, and go home now. God bless you.

All right. Come, lady. Howdy do. Do you believe? With all your heart? You believe that He would make you well? You have number one enemy: heart trouble. Is that right? See? All

takes His prophet, but never His Spirit; It moves on. When one dies, it's given unto another, and goes on, another generation who has had faith. Have faith now.

You're the patient, lady? Yes. All right. Do you believe? You believe that God will reveal your trouble to me? That's all I can do by the gift. Is that right? Uh-huh. Now look. You are a believer, filled with the Spirit. And now, look. You are... You have a--a nervous condition, a...?... which is due to the time of--it is with you. And among other things, it's... You got a stomach trouble. Is that right? That's right. And you're nervousness has caused the stomach trouble. This is an ulcer in the stomach that is souring and so forth, and it's souring, and sometimes fluttering of the heart. And--and your nervous conditions, and that. And you feel strung and upset all the time, depressed. Is that right?...?... Satan will tell you, you've passed over the line, and all those things. Is that right? But he's lying. He's lied. Jesus Christ has healed you. Can you believe that? Go eat what you want to then, in the Name of the Lord Jesus Christ...?...

**L-71** Come, sir. Do you believe? Sir, do you believe with all your heart? What if the Holy Spirit said what you was feeling now, had come near, and say to you like He did the woman at the well, her greatest trouble, just tell her what her greatest trouble was, would you believe Him, accept Him? Don't you have something wrong, a...?... on your throat or...?... I see you kind of coughing. It's--it's--it's asthma. Is that right? Is that right? All right. Go off the platform, saying, "Thank You, Jesus, I'm over it." See? Go off the platform, giving God praise, and the wheezing will never bother you no more. Come, lady. Oh, how He moves, to get the people to believe.

**L-72** Young man, you've a very young chap to be standing here, sick. What do you think about Jesus Christ? You love Him. Is He the Son of God? Is He your Healer? He is. He can make you get over that stomach trouble right now. Is that right? Well, then go eat what you want to. Your faith saves

right? And you should've went and done something, but you felt like that you wasn't able to do it...?... That's right.

Now, do you believe? All right, come here. Do you now say to God, if He will let you live, and not die, that You'll serve Him all the days of your life, and you're going to do what He asks you to do? You will?

**L-64** Let's bow our heads, Christians. Heavenly Father, knowing, standing here the woman You know--knowing and realizing the Presence of the great Almighty God. I pray, dear Jesus, that You will help her. And tonight, forgive her, Lord. You know Paul said, "Woe unto me if I preach not the Gospel of Christ." Lord, here she's backslid on the her promises, and went back. Now, Father, I pray that You'll forgive her of everything...?... tonight that her road, and she comes to You with her hands up, and the tears down her cheeks, asking You, Lord, to remember her, for we realize that she can't live very much longer like this.

And Father, upon her confession, and upon her heart's desire, I ask this demon of cancer, that it'll move back from her, in the Name of Jesus Christ to give her a new chance of life. Amen. God bless you, lady. Go, rejoicing; let me know what happens to you.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

All right, Billy.

**L-65** Come. Now, everyone be reverent. That's... The man has got a deaf spirit on him. Almighty God, author of Life, Giver of every good gift, send Thy blessings upon this man. This deaf spirit...?... up through his whole...?... being moving up close to me, knowing that he's got to come out of this man. He's standing in Your Presence. And, Lord, we're believers. We believe that what You said is the truth. You said, "When the deaf spirit went out of a man, he could hear." And, Lord, we believe that.

And You said, "I give you power, that you go forth and preach

the Gospel, lay hands on the sick, they shall recover." We believe that.

When You said, "Whatever things you desire when you pray, believe you receive it, and ye shall have it."

**L-66** Therefore, Lord, by the commission of an Angel, I ask for mercy for this man. Thou deaf spirit, in the Name of Jesus Christ, I say, leave the man. Come out of him. Do you hear me, sir? Do you hear me now?

How long have you been like this? All right. Raise your head. He's been this way, I guess, it's about fifteen years. Just, you understand? Say, "Amen." ["Amen."] I love the Lord. ["I love the Lord."] Praise Him. ["Praise Him."] Glory to God. ["Glory to God."] I love Jesus. ["I love Jesus."] You've been kind of nervous too, haven't you? That's a prostate trouble. It left you the same time. Getting up and then, things like that... You know what I mean? See? That's gone from you, brother. You're healed now. Go on your road rejoicing.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

All right, brother, come.

**L-67** Oh, isn't He wonderful? Oh, how can you keep from believing it? Why do you doubt longer? What can our Lord do any more than what He's doing? He's wonderful. You believe? Something's happened, hasn't it, brother? You're going to be all right now. If it is, raise your hand like that, so they can see you. All right. You're healed.

That man setting next to you would like to get over something too, wouldn't you, sir? Do you believe me to be His prophet? You have a prayer card? You have a prayer card. But look how setting, I don't want you use it then. You have a double hernia, don't you, a rupture, hernia? Is that right? If it is, raise your hand. Say, the man setting over on the side of you has a hernia also, on the other side of you, on that side. Isn't that right, sir? All right. Raise your hand up if that's right. Now, you can...?... A man standing here last night was

called in the line...?... had a great big rupture; it's every bit disappeared. It's gone from you. Go now, have faith in God. See?

**L-68** Little lady, He was over you a few minutes ago, I know what your disease is. If you will believe with all your heart, God will heal you. Do you believe? You had arthritis, didn't you? Is that right? Wave your hand like that. All right. He's done healed you, so your don't have to come in the prayer line. Now just go one home. See? You're over your arthritis. Have faith in God. [\[Mark 11:22\]](#)

He is wonderful. All right. You're the patient? I mean the lady right there. All right. You... I want to ask you a few questions, as I speak to you. You're just some woman that's got a prayer card and come here on the line. There's something strange about the case. I see you right now. See? That's right. What's your nationality?...?... Indian. I see. I see...?... Uh-huh. I believe that. And I believe...?...

**L-69** Come here, lady. Now look, you're troubled and you're having trouble in your shoulders and in your side and your back. Is that right? And then you got a burden on your heart 'cause you got a young daughter, and that young daughter has got the--it's paralyzed, has got paralysis or something. Is that right? If that's all true, raise your hand, being all right. Will you accept Christ now as your Saviour and your Healer to be...?... Will you do it? Your arthritis has gone; you become a Christian in Jesus Christ's Name, go, and may it be as you have believed.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]...?... of the Holy Spirit...?... who knows what will happen. That's right. God did do that, just then. All right.

**L-70** Come, lady. It's serious. Have faith. God's going to do something for your, sister, the miraculous. Have faith. Believe me as His prophet. The same Spirit that was upon the Hebrew prophets, is the same Spirit here now. See? God
